2018 BRUSH SPRAY PROGRAM

1. The annual Brush Spray Program is scheduled to begin **August 15, 2018, and will be completed by September 30, 2018.** Weather permitting.
2. Spraying is typically done on a rotating schedule with $\frac{1}{4}$ of the county being sprayed each year. This year, the Southeast quadrant will be done (**Hatton, Arthur, Grant, and Sheridan Townships**)
3. The contractor this year is Dalton's.
4. Residents who **do not** wish to have the property in front of their homes sprayed must fill out a "NO SPRAY" permit at our office at 3900 East Mannsiding Road, Harrison, MI. 48625, **by August 13, 2018.** At that time, the "NO SPRAY" signs will be issued to you **to place on your property before August 15, 2018.**
5. The herbicides that will be used have been approved by the Department of Agriculture. They are safe to use around humans and animals. They are designed to work on enzymes found in plants only. The herbicides enter the plant through the stems and leaves and control the plant from inside.
6. Please be aware the No Spray Zone vegetation must be controlled to Clare County Road Commission's (CCRC) standard prior to spray application. Otherwise CCRC retains the right to spray vegetation in the Road Right of way.
